THE RMS PRESS

BEST PRACTICE TIPS

Are you wanting to do limited qty pricing or bogos for the holiday season?

ISS45 V7 and V8 can do this easily. N the Promotions, Reductions and Offers program.

You can set up your system for a true bogo where you have to purchase two to get the second one for free.

You can also set up the system for 2/xx pricing where the first one is a higher price and the customer will receive the discount on the second item

ISS45 NEWS

Along with Fujitsu hardware that we have sold and supported for years, RMS is now a reseller for IBM and HP hardware for your pos needs.

The IBM and HP are just additions to our offerings.

Call your sales rep or the office for more information.

Have you seen the new Bottom of the Basket software that integrates into ISS45?

LaneHawk is our new BOB offering that will provide you with the assurance that you don't have items going out the door without being purchased.

GEEK TIPS:

Did you know:

In windows applications you can press Ctrl + Z to undo your last action

In windows applications you can press the Windows + D key and it will take you to the desktop

UPCOMNG TRAINING

RMS will be kicking off our first online training session on Thursday, January 3rd at 8:30 am

The first training will be an RBO training with the focus on Reporting and Movement

It will be approximately 1.5 hrs long.

This is the first of our monthly training sessions

PCI COMPLIANCE

Latest PCI update to ISS45 Software:

For any Manual Credit Card Entry the credit card number now has to be entered on the pin pad not the cashier keyboard.

This ensures that the pos software is not holding any credit card numbers locally on site.

Call us for information on getting updated to the latest software.
